December 31, 2019

Dear Evergreen Commons,

Sheriff's Toy Project would like to extend our appreciation and to thank you for your generous donation. We value your continuing partnership and the support will definitely help numerous families throughout the Sacramento County community. Your donation allows us to continue to serve many of the disadvantaged families living throughout Sacramento County and the surrounding communities.

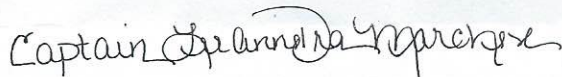

Sheriff's Toy Project has provided thousands of items throughout the holiday season from toys to bicycles, toiletries, beds/bedding, and clothing. It is our wish that no child goes without not just during the holiday season. Although, our prominent function is on the holiday season, we have evolved tremendously. We partner with various non-profit agencies and local schools throughout the year. Additionally, we provide support to our Sheriff's Youth Services Unit and Community Relations Unit with scholarships, sports activities, and various school programs. Though we emphasize the winter holiday season, we also fill special requests throughout the year from individual families in need or suffering crisis.

This would not be possible without the assistance of people like you. Sheriff's Toy Project relies on both the generosity of our community and partners to ensure the continued success of our organization.

Thank you for continuing to support our mission.

Very truly yours,

SCOTT R. JONES, SHERIFF
